PROFESSIONAL SUMMARY

Frontend-focused Software Developer with hands-on experience working on a live production e-commerce platform. Strong expertise in HTML, CSS, JavaScript, React.js, and modern UI development. Currently working as a Software Developer Intern at Shank Jewels, contributing to real-world features such as wishlist functionality, search integration, UI optimization, and mobile responsiveness. Developed an AI-powered Smart Resume Analyzer as a personal project under senior developer guidance, demonstrating strong problem-solving skills and product-oriented thinking.

TECHNICAL SKILLS

Frontend:

HTML, CSS, JavaScript (ES6+), React.js, Node.js, REST APIs
Next.js, Responsive Design

Backend & APIs:

Tools & Platforms:

Git, GitHub, Postman, VS Code

Concepts:

Component-Based Architecture, UI Optimization, API Integration, Mobile Responsiveness

PROFESSIONAL EXPERIENCE

Software Developer Intern | Shank Jewels (E-Commerce Platform)

Pune | October 2025 – Present

Working on a live jewelry e-commerce website used by real customers.

- Implemented wishlist functionality and optimized UI interactions
- Customized homepage sliders and visual sections to improve user engagement
- Removed legacy search and integrated a custom search bar aligned with UI requirements
- Improved mobile responsiveness, header, footer, and navigation components
- Fixed UI bugs related to icons, alignment, and cross-device compatibility
- Collaborated with backend APIs for product listing, cart, and checkout workflows

PROJECTS

Smart Resume Analyzer (TalentScan)

Personal Project

Developed with guidance from senior developer

Tech Stack: React.js, Tailwind CSS, Framer Motion, Node.js, Express.js, MongoDB, PDF Parsing, OCR

An AI-powered resume analysis platform that provides ATS score, skill gap analysis, and structured resume feedback for job seekers.

- Developed an AI-powered resume analysis platform that provides ATS score, skill gap analysis, and structured resume feedback for job seekers
- Implemented animated resume analysis flow to simulate real-world AI scanning experience
- Built ATS scoring logic based on skills, experience, and education
- Added OCR fallback support for image-based resumes to improve parsing accuracy
- Designed a modern, user-focused UI using React, Tailwind CSS, and Framer Motion
- Worked under guidance of a senior developer to follow real-world architecture and best practices

Portfolio Website

Personal Project

Tech Stack: HTML, CSS, JavaScript

- Designed and developed a responsive personal portfolio to showcase skills and projects
- Implemented smooth scrolling, section navigation, and clean UI design
- Deployed using GitHub Pages
